

LAGUNA RIDGE

Design Guidelines

A.1 Purpose and Applicability

These design guidelines do NOT replace the existing City of Elk Grove Design guidelines, but rather, are intended to be used in conjunction with and in addition to the existing city guidelines. In the event of a conflict between the two documents, the more restrictive document shall apply. This document has been created only as a means for identifying special design consideration specific to the Villages of Laguna Ridge. For all general design considerations, refer to the City of Elk Grove Design Guidelines.

These design guidelines shall apply to all current and future phases of development within Laguna Ridge.
