

Street Use Permit Street Closures Block Party – Submittal Requirements

Revised 11/09/2016

Purpose: A Street Use Permit is required when residents or businesses want to temporarily limit access or close a public street for a special event.

Processing Time: Allow **60 business days** prior to date of your event for review and processing.

Submittal Requirements (if applicable):

- Application for Street Use Permit
- Special Permit Conditions
- General Liability Insurance with Separate Endorsement (see Insurance Requirements)
- City of Elk Grove Defense, Indemnity and Hold Harmless Agreement
- 11"x17" Detailed Site Map showing closures
- Separate Sheet with detailed timeline of event
- Neighborhood Petition Form
- \$50.00 Permit Fee is due at permit issuance

Instructions:

1. Read thoroughly and fill out Street Use Permit application.
2. Obtain insurance in accordance with the City's requirements. The Risk Management Department can assist you with your insurance needs.
3. Read and sign City of Elk Grove Defense, Indemnity and Hold Harmless Agreement.
4. Provide an 11" x 17" site/route map showing detailed information for the following: the street names, nearest cross streets, and street closure. Indicate closest landmarks/buildings. Indicate where traffic safety equipment for street closure will be located, i.e. signs, barricades, etc.
5. Submit your permit, maps, and documents to the Public Works Department.
6. A \$50.00 processing fee will be assessed prior to issuance and pick-up of approved permit. Payment of the fee doesn't ensure a permit will be issued.

Street Closure: Type III (A frame) barricades along with "Road Closed" signage must be used to close all approaches to the event. Barricades (with Warning lights) and "Road Closed" signage must be retro-reflective for night time service. Road closure signs shall be posted at least 24-hours in advance of the event and shall comply with the current edition of the California Manual of Uniform Traffic Control Devices (MUTCD).

The barricade details and all other requirements are on the back side of your permit. It will be your responsibility to have a

safe path of travel free from obstructions in the event of an emergency.

The closure will not result in clear, identifiable, and substantial detriment to public health, safety, or welfare.

General and Special Business License: The permittee shall be responsible for ensuring that they have a General and Special Business License from the City of Elk Grove. For more information, please check the City's website:

http://www.elkgrovecity.org/city_hall/departments_divisions/business_license

Submittals to Other Departments/Public Agencies: Separate application may be required by other departments. For information, please contact the Development Services Department at (916) 627-3436; Integrated Waste and Transit Department at (916) 478-2256; and CSD Fire at (916) 405-7100.

Insurance Requirements: General Liability insurance amount shall be determined by the City upon submittal of application and must require a separate endorsement naming the City of Elk Grove and each of its officers, officials, employees, agents, and volunteers named as additional insured. For more details, please contact Risk Management at (916) 478-2250.

Police Department: If the condition of the street use permit requires the use of police officers, the following shall apply: 1. the cost for each officer will be charged at the overtime rate, 2. the current maximum overtime rate for an officer is \$80.00 per hour, 3. there is a one-time administration cost of \$5.00 per hour per officer, and 4. there is a three-hour minimum per officer Mon-Thu, and a four-hour minimum per officer Fri-Sun.

Additional Requirements: Additional project specific information may be required during review process. A meeting may be required with all departments/agencies prior to permit issuance.

Where to Submit Plans: City of Elk Grove, Public Works Counter – 2nd Floor, 8401 Laguna Palms Way, Elk Grove, CA 95758

Questions: If you have any questions regarding the process of submitting Street Use Permits to the City of Elk Grove, please contact (916) 478-2256 or visit our website at www.elkgrovecity.org.

This permit shall be void unless the activity herein contemplated shall have been undertaken and completed application according to the times and dates established above and is not transferable.

APPLICATION APPROVED SUBJECT TO CONDITIONS INCLUDED AND IMPLIED AND IS **REVOKABLE AT ANY TIME.**

-Director of Public Works

By: _____ Date: _____

GENERAL PROVISIONS

PERMIT: This permit is issued in accordance with Sections 21100 and 21101 of the California Vehicle Code and Title 9 and 10 of the City of Elk Grove Code.

PERMITTEE: No permits will be issued unless signed by a person or persons of 21 years of age or older.

APPROVAL: This permit is subject to the approval of the City of Elk Grove Police Department. This agency may add additional requirements, conditions, or restrictions and may request the Director of Public Works to deny this permit in the interest of public safety if any specific requirements are imposed by this agency, the Applicant shall be responsible for any contact with this agency necessary for fulfilling the additional requirements.

ACCEPTANCE OF PROVISIONS: It is understood and agreed by the Applicant that the undertaking of activity under this permit shall constitute an acceptance of all the general and specific conditions hereof.

KEEP PERMIT ON SITE: This permit shall be kept at the site of the activity and must be shown to any representative of the Public Works Agency or any law enforcement officer on demand.

MINIMUM PUBLIC DISTURBANCE: Loud music, noise, and other disturbances must be kept to a minimum consistent with the wishes of adjacent property owners and occupants and the affected public. Disturbance complaints will result in possible enforcement action and denial of future street use permits.

MINIMUM INTERFERENCE WITH TRAFFIC: All activity shall be planned and carried out so that there will be the least possible inconvenience to the traveling public.

FEES: There shall be no fee or charge required for vehicles or persons to enter or leave or use City streets.

TRAFFIC CONTROL: Permittee shall take adequate precautions for the protection of the traveling public. Barricades, red lights, warning signs and flagmen, where necessary, shall be maintained until all obstructions are removed and the roadway is safe for the use of traveling public. City streets shall not be closed or traffic lanes blocked unless specifically permitted on this permit. No structure shall be placed in any street which would impede the movement of vehicles except for movable barricades as authorized herein. Access to a closed street shall be denied to through traffic by placing wooden barricades across the closed street at each intersection with another public street. These barricades shall be placed approximately 10 to 20 feet away from the intersection and shall not impede the movement of vehicles along the intersecting street. Access to a closed street shall be provided for the local traffic and emergency vehicles at all times by leaving a 10 foot gap in the barricading at each location where access is controlled.

A street closure on a residential street which complies with the requirements of the section below on street closures for non-public purposes will normally require no traffic control or directional signs other than the barricades and "Road Closed" signs described in the following sections on barricades and signs. The road closure locations must be shown on a sketch or map.

In addition to meeting the specific conditions indicated below, parades or similar activities may require a detailed traffic detour plan. A traffic detour plan will normally not be required in the case of 30 or fewer legally registered vehicles with a route generally along minor streets provided not more than ½ mile of the route is on a major arterial street or 4 or more lanes in width. In addition the parade speed on the major street must be at least ¼ of the posted speed limit. Another example of an event which would not require a detour plan is a walk-a-thon in which all the streets on the route have adequate provisions for pedestrians, the participants are sufficiently spread out, and they obey all traffic laws.

Some activities will require a complete detailed traffic detour plan. An example is a parade with floats, walkers, or horses on a major street. In some cases traffic may be able to be detoured onto two lanes of a 4-lane street while in other cases an alternative route around the parade will have to be provided for traffic. When horses are used in a parade, they must be separated from the traffic by a median island or a vacant traffic lane. A complete detour plan shall include all required signs, barricades, delineators, etc., for safety detouring traffic around the street closure. If it is not clear whether an activity will require a detour plan and/or a street closure, the prospective permittee should contact the City traffic section before submitting the permit application.

BARRICADES: Wooden barricades shall have the dimensions as shown in the drawing below. The standard marking for barricades shall alternate black and white sloping stripes, but black and yellow stripes or all white or all yellow barricades are also acceptable. When striping is employed, each barricade rail shall be marked with alternate black and white (or yellow stripes of 4inch to 6inch widths at an angle of 45 degrees).

Each barricade used at night shall be effectively reflectorized or illuminated and shall be equipped with a battery operated barricade flasher having the following characteristics:

- HEAD ASSEMBLY:** The head assembly shall consist of two lenses for bi-directional operation. The two lenses shall be circular in shape, 7 inches in diameter. Each lens shall have a ½ inch wide perimeter of reflex reflecting median as an integral part of the lens. The color of the lens shall conform to the USASID.10.1 yellow signal lens specifications.
- OPTICAL REQUIREMENTS:** the minimum effective intensity shall be 3.5 candles maintained within an elliptical pattern 9 degrees on each side of the vertical axis, and 5 degrees above and 5 degrees below the horizontal axis.
- DWELL TIME:** The minimum dwell time shall be 150 milliseconds. Battery operated barricade flashers should be mounted a minimum of 3 feet above the roadway.

SIGNS: At least one sign reading "Road Closed" shall be placed at each intersection. Each sign shall measure at least 48 inches by 30 inches and shall have 8 inch black letters on a white background. Each sign shall be mounted on a barricade as described above and shall be effectively reflectorized or illuminated if used at night.

SPECIFIC CONDITIONS

PARADES:

- Street closures are allowed only on the following types of residential streets:
 - A cul-de-sac or dead-end street intersecting another residential street.
 - A circle not greater than ½ mile in length intersected by another residential street.
 - A residential street or portion thereof not greater than ½ mile in length, intersected by two other residential streets, where a route equivalent to the closed street exists within ½ mile of the closed street.
- Street closures are not allowed on arterial streets or streets where the speed limit is greater than 25 MPH.
- Street closures must be made at intersections therefore, no less than one block segments shall be considered for approval.
- Street closures shall be allowed only until 10:00 PM on Sunday through Thursday and until 12:00 AM on Friday and Saturday. The closure shall be removed sooner if so specified on the permit.
- A written agreement must be submitted including the signature and address of each property owner on a street to be closed and shall indicate each property owner's agreement with or objection to the street at the time and date proposed. This agreement must be completed and attached to the permit application before application will be considered.
- The permittee shall provide all required barricades and signs as specified under General Provisions and shall be responsible for their placement and maintenance. Signs and barricades of the approved type can be obtained commercially on a rental basis.

Street Use Permit Street Closures Block Party – Special Permits Conditions

STREET CLOSURE – BLOCK PARTY

Applicant interested in closing a city street or utilizing public right-of-way for the purpose of a block party shall obtain a permit from the City of Elk Grove. The permit application must be filed at least within **30 business days prior to the day of the event** and the permittee is required to provide insurance with an additional insured endorsement.

Please check the boxes that apply to your event:

- Anticipated attendance of event: under 100, 101-300, 301-500
- Will there be alcoholic beverages at this event? Yes No

Permit Requirements and Conditions:

1. The sale of tickets, food, beverages or other items is prohibited and no admission fees may be charged.
2. The permittee shall be responsible for ensuring that no illegal fireworks are present at the event. If any illegal fireworks or the remains of illegal fireworks are found at the event, the permit may be revoked, the permittee will be cited for those fireworks along with the person(s) responsible for igniting them and future applications for that area may be denied.
3. Type III (A frame) barricades along with "Road Closed" signage must be used to close all approaches to the event. Barricades (with warning lights) and "Road Closed" signage must be retro-reflective for night time service. Road closure signs shall be posted at least 24 hours in advance of the event and shall comply with the current edition of MUTCD* guidelines.
4. The preparation or conduct of the event must not unduly impede, obstruct or interfere with the operation of emergency vehicles or equipment on the site.
5. The closure or use of public right-of-way will not result in clear, identifiable and substantial detriment to public health, safety or welfare.
6. The event shall not exceed any occupant load limit that may be determined by the CCSD Fire Department.
7. The permittee is responsible for notifying in writing nearby residents and businesses of the specifics of the block party and any street closure. Signature of two-thirds of the residents and businesses, on both sides of the street to be closed, shall be obtained within the 30 days and all applicable fees must be paid prior to permit issuance.
8. The City's Transit Department must determine that the closing of the street will not unduly impede, obstruct, or interfere with the operation of the City bus and transportation systems before a permit will be issued.
9. Applicant must contact, immediately upon submittal of application, the City's Integrated Waste Department to ensure they have fully addressed the trash and debris that will be generated by the block party. Please contact Integrated Waste Department for their requirements at (916) 478-2256.
10. The proposed use, event, or activity must not otherwise present a substantial or unwarranted safety, noise, or traffic hazard. Any amplified music, sounds, sound effects, etc. shall be kept to a minimum to avoid disruptions to neighbors around the event.
11. The use or presence of animals in or at the event must be in compliance with California state and local laws and regulations, including, without limitation, laws and regulations pertaining to the care, handling, and confinement of animals.
12. The proposed event must not cause other adverse impacts on health or safety to surrounding residential or commercial uses, which cannot be effectively mitigated. Calls for police services during this event may result in a permit being revoked by the City of Elk Grove Police Department to meet public health, safety or welfare requirements.
13. The permittee will not include inflatable rides, including but not limited to bounce houses, waterslides and obstacle courses without express approval of the City.

I have read and understand the permit requirements and conditions as listed above and agree to be in compliance.

(Permittee signature)

(Print name)

(Date)

*Signage for road closures is to be consistent with the current edition of the California Manual on Traffic Control Devices (MUTCD). Type III "A" frame barricades are to be positioned in the travel lanes in advance of the closure. Regulatory signage: Road Closed (R11-2) is to be securely attached to each barricade. A minimum of three (3) barricades is required at each end of the closure. Closure signage should be positioned to give adequate advance notice to motorists and provide alternate routes of travel (i.e., turn left or right a closure). During hours of darkness, the barricades and signage shall be retro-reflective and have flashing warning lights.

City of Elk Grove
