## **CONSTRUCTION NOTICE**

### **PEARL STREET**

September 2, 2021

This letter is to inform you of an upcoming street, water and sanitary sewer infrastructure improvement project set for Pearl Street between Jefferson St and Wilson Ave. This project will consist of water and sanitary sewer replacement.

We are anticipating construction to begin September 7<sup>th</sup>, 2021 with street milling with excavation of the street starting Thursday, September 9<sup>th</sup>, 2021. As of now, we do not have a project completion date.

Pearl Street will be closed to thru traffic. Every effort will be made to maintain access for local traffic and emergency situations. There will also be no street parking allowed in the construction zone.

If this affects school bus pickup and drop offs, please make plans for an alternative option. This will affect traffic to and from Memorial Park, please use an alternative route.

We ask for and will appreciate your cooperation, patience and understanding during the construction process. As with any construction process, there may be unavoidable delays or unforeseeable circumstances that prevent us from proper notification with the project. Again, we will try our best to notify you in advance of any major changes that would affect you or your organization.

Questions regarding the upcoming project, please contact the department at 608-323-3452 during the business hours of 7 am to 4 pm.

Thank you,  
The Arcadia Water & Wastewater Utility
