Purpose Statement

This district is intended for developments that are to be subdivided into low-density single-family lots and allows rural infrastructure to be used. Open Space (Required for Option 2)

Open space is required to ensure that the overall density within the development does not exceed the maximum density allowed by the underlying zoning district.

- The amount of open space provided should be at least 10 percent of the gross area of the development.
- Common open space must be set aside and designated as an area where no development will occur, other than project-related recreational amenities or passive open space areas.
