### Emergency Cooling Shelter

**PULLMAN** – Extreme heat is predicted for Pullman in the coming days. Heat exhaustion and heat stroke are potential dangers, especially for those without air conditioning or other cooling options. The City of Pullman will make available a cooling shelter for anyone with an emergency need to escape from extreme temperatures.

**Location:** Pullman City Hall Campus – 190 SE Crestview Street

**Dates:** Friday, July 30  
Saturday, July 31

**Times:** Noon to 7:00 pm

COVID-19 safety protocols will be followed at the shelter site: masks and social distancing will be required for those who are unvaccinated, and are optional for those who can provide proof of vaccination. The following are acceptable forms of vaccination proof:

- COVID-19 vaccination card
- Letter or other verification from the health care provider or other entity who administered the vaccination
- Vaccination record from <https://wa.myir.net/> (MyIR Mobile program)

Concerned pet owners should make alternate care arrangements for animals, which cannot be accommodated at the emergency shelter site.
