

BEFORE THE BOARD OF COMMISSIONERS OF LANE COUNTY, OREGON

ORDER NO: 13-04-30-05

IN THE MATTER OF REVISING THE
CURRENT 20-TON LOAD POSTING ON
GOODPASTURE COVERED BRIDGE
(STATE BRIDGE ID NO. 39C118) LOCATED
AT MP 0.01 ON GOODPASTURE ROAD TO
A 44-TON LOAD POSTING

WHEREAS, pursuant to ORS 810.030 the County may impose limits on any weight or dimensions of any vehicle or combination of vehicles to protect any highway or section of highway from being unduly damaged; and

WHEREAS, the Board has previously established reduced weight limits for the above-referenced bridge pursuant to the Order No. 10-1-16-18; and

WHEREAS, the rehabilitation project for Goodpasture Bridge is complete and the bridge is designed to accommodate state statute loads; and

WHEREAS, the County Engineer has recommended that increased weight limits on the above bridge could be established in order to better serve the public convenience and the adjoining land uses; and

WHEREAS, the Board finds that changing the weight limit for Goodpasture Bridge from 20 tons to 44 tons for all vehicles provides the best balance between limited financial resources, safety and public convenience.

NOW, THEREFORE, the Board of County Commissioners of Lane County **ORDERS** as follows:

1. That the previous 20-ton load posting imposed by Order No. 10-1-16-18 is rescinded; **AND**
2. The load posting on the Goodpasture Covered Bridge (State Bridge ID No. 39C118) located at M.P. 0.01 on Goodpasture Road be posted for a 44-ton weight limit for all vehicles.

ADOPTED this 30th day of April, 2013.
