No political signs on state highway right-of-way

There also are restrictions for signs on private property that are visible from state highways.

Political signs placed on state highway right-of-way will be removed without notice. They are held at local ODOT district maintenance offices for 30 days. Signs are prohibited on trees, utility poles, fence posts and natural features within highway right-of-way. They also are prohibited within view of a designated scenic area.

The width of state highway right-of-way can vary considerably depending on the specific location. If you're uncertain whether you're placing a sign on private property or highway right-of-way, check with your local ODOT district maintenance office.

Temporary political signs are allowed on private property within view of state highways with the following restrictions:
* New signs are limited to 12 square feet.
* No flashing or intermittent lights, animated or moving parts are allowed.
* Signs must not imitate an official highway sign or device.
* Signs are not allowed in scenic corridors.

For more information regarding signs along highway right-of-way, contact your local ODOT District Maintenance office. Also see www.oregon.gov/ODOT/HWY/SIGNPROGRAM/pages/index.aspx

Signs should not be placed within Lane County road right-of-ways. In unincorporated parts of the city that means the planting area between the sidewalk and curb. In rural areas, it would be from the pavement to the fence (anywhere maintenance vehicles would drive.) Signs placed near a rural road should be placed on private property behind any utility facilities (poles, closures, etc.) or sidewalks.

If you place a sign illegally, it may be removed by Lane County Public Works. You can be reunited with your sign(s) at 3040 N. Delta Highway within 30 days of removal, but after 30 days, the sign(s) will be destroyed.

By placing the signs properly, you can avoid unnecessary expense and hassle for yourself, save taxpayer money by saving Public Works personnel from having to handle the signs, and protect your neighbors and visitors from accidents.
