Consent:

Body Hansen: I have a correction on the motion. My understanding was that we redid the motion that we would allow the already scheduled waterslide and going forward no more until we had risk regulations in place. The Mayor was put on the spot for another waterslide event. CM Burns: read the motion. CM Hansen: we need something to protect the city. My concern is if Pleasant View has ownership in the waterslide we have liability. In light of recent discussion with an individual we decided to surplus out the waterslide to Dean Stokes because of a tear in it. CM Chugg: we need to have record of that transaction. CM Hansen: we need a paper trail. CM Burns: the minutes stand as written.
