Sprinkler system and/or fire pump, and/or fire alarm system, the Owner, shall obtain a permit and Inspection Form from the Fire & Rescue Department. The results of the inspection shall be recorded on the Department form and copies given to the Fire Chief, Owner and all others authorized by the Owner within ten (10) days of the date the inspection was performed. In the case that deficiencies are found, the Department shall be given a schedule as to when repairs will be made, at such time the inspection report is filed with the Department. In the event a permit is not obtained prior to the inspection performed, the Owner may be subject to an additional fee, in accordance with § 180-16N[3]
