

Manatee County Animal Services Affidavit of Complaint

Generally, violations of the Manatee County Animal Services Ordinance do not occur when an officer is present. For an Animal Services Officer or the Animal Services Division to take any action regarding a violation, either the officer or someone else must witness the incident(s).

This *Affidavit of Complaint*, when completed by a witness, provides the documentation necessary for action to be taken. It establishes *probable cause* for an officer to believe that a violation took place, who was involved and the nature of the violation. This statement form is essential for Animal Services to pursue further action in reference to the violation(s) you have described. For Animal Services to efficiently respond to your need, we ask that you review and carefully complete this statement to the best of your knowledge and return it to the Animal Services Division with ten (10) days.

Photographs and other evidence you may have are essential in proving a case. If photographs and/or other evidence are provided, include the date, time, location, and who gathered the evidence.

Tell us about the animal owner

We need to record as much information about the animal owner as you know. Don't guess, be certain. The information required is that animal owner's name and address. If you are uncertain about the owner's information, or if the animal even has an owner, speak with neighbors to be sure.

What does the animal look like?

To take action, Animal Services needs to be as certain as possible that we are dealing with the correct animal(s). Please write as much of a clear description of each animal as possible. Only list the animals involved in this incident that you are completing this statement for. Here are some basic rules:

“Breed” is for the type of animal like a “Lab” or “ short haired cat”

“Color” is for the main color of the animal. If it has other colors, list the main color first.

Animal 1: _____ (circle one) _____ (circle one)
Breed: _____ Dog Cat Color: _____ Male Female

Animal 2: _____ (circle one) _____ (circle one)
Breed: _____ Dog Cat Color: _____ Male Female

Animal 3: _____ (circle one) _____ (circle one)
Breed: _____ Dog Cat Color: _____ Male Female

If you are not sure about the animal or its description, be sure that you talk to your neighbors. Incorrect information damages everyone’s credibility if the case was to go to court.

When and where did it happen?

This is where you tell your story. Please fill in all the blanks with the EXACT date, location and APPROXIMATE time based on what you observed. Without this information, Animal Services cannot take any further action. Here are some examples:
